Hinweise zum Bearbeiten der Aufgaben

Sehr geehrte Kandidatin, sehr geehrter Kandidat!

Dieses Aufgabenheft enthält vier Aufgaben.

Verwenden Sie für Ihre Arbeit einen schwarzen oder blauen Stift.

Bevor Sie mit den Aufgaben beginnen, nehmen Sie das Antwortblatt heraus.

Schreiben Sie Ihre Antworten ausschließlich auf das dafür vorgesehene Antwortblatt. Beachten Sie dazu die Anweisungen der jeweiligen Aufgabenstellung. Sie können im Aufgabenheft Notizen machen. Diese werden bei der Beurteilung nicht berücksichtigt.

Schreiben Sie bitte Ihren Namen in das vorgesehene Feld auf dem Antwortblatt.

Bei der Bearbeitung der Aufgaben sind keine Hilfsmittel erlaubt.

Kreuzen Sie bei Aufgaben, die Kästchen vorgeben, jeweils nur ein Kästchen an. Haben Sie versehentlich ein falsches Kästchen angekreuzt, malen Sie dieses vollständig aus und kreuzen Sie das richtige Kästchen an.

A	<input type="checkbox"/>	B	<input checked="" type="checkbox"/>	C	<input checked="" type="checkbox"/>	D	<input type="checkbox"/>
---	--------------------------	---	-------------------------------------	---	-------------------------------------	---	--------------------------

Möchten Sie ein bereits von Ihnen ausgemaltes Kästchen als Antwort wählen, kreisen Sie dieses Kästchen ein.

A	<input type="checkbox"/>	B	<input checked="" type="checkbox"/>	C	<input checked="" type="checkbox"/>	D	<input type="checkbox"/>
---	--------------------------	---	-------------------------------------	---	-------------------------------------	---	--------------------------

Schreiben Sie Ihre Antworten bei Aufgaben, die das Eintragen von einzelnen Buchstaben verlangen, leserlich und in Blockbuchstaben. Falls Sie eine Antwort korrigieren möchten, malen Sie das Kästchen aus und schreiben Sie den richtigen Buchstaben rechts neben das Kästchen.

B	<input checked="" type="checkbox"/>	G	F
---	-------------------------------------	---	---

Falls Sie bei den Aufgaben, die Sie mit einem bzw. bis zu maximal vier Wörtern beantworten können, eine Antwort korrigieren möchten, streichen Sie bitte die falsche Antwort durch und schreiben Sie die richtige daneben oder darunter. Alles, was nicht durchgestrichen ist, zählt zur Antwort.

falsche Antwort	richtige Antwort
----------------------------	------------------

Beachten Sie, dass die Rechtschreibung der Antworten im Prüfungsteil *Sprachverwendung im Kontext* korrekt sein muss, damit Antworten als richtig gewertet werden können. Dies gilt auch für Groß- und Kleinschreibung sowie etwaige Akzente, die aus der Antwort klar erkennbar sein müssen.

Ergänzende Erklärung zur Testmethode „Editieren“: Bitte beachten Sie, dass sich in einer solchen Aufgabe 2-4 richtige Zeilen im Aufgabentext befinden. Die Beispielzeilen (0, 00) zählen nicht zu den 2-4 richtigen Zeilen.

Jede richtige Antwort wird mit einem Punkt bewertet. Bei jeder Aufgabe finden Sie eine Angabe zu den maximal erreichbaren Punkten.

Viel Erfolg!

Read the text in which former President Obama talks about his private life. Some parts are missing. Choose the correct part (A-N) for each gap (1-11). There are two extra parts that you should not use. Write your answers in the boxes provided on the answer sheet. The first one (0) has been done for you.

Barack Obama on his family life

When Malia was born, Michelle and I were fortunate enough to spend a blissful three months mostly at home with our baby girl. But then Michelle went back to (0) ____, and I returned to my schedule of teaching at the University of Chicago law school and (1) ____ in the state legislature. This meant that I would often be away in Springfield for three days at a time. Even when I was home in Chicago, I had papers to (2) ____ and briefs to write and evening meetings to attend.

As professionals, we were (3) ____ with the resources for things like reliable child (4) ____ and takeout when we were too exhausted to cook. Our jobs afforded us the kind of flexibility that many working families simply don't have. Still, we each had a truckload of student (5) ____, which meant that when we got married, we got poorer together. So we were counting every penny to manage our household bills, pay our student loans and (6) ____ a full-time babysitter. The combined pressures sometimes (7) ____ a real strain on our marriage, as they do for many working parents with young kids. After Sasha was born, Michelle was working while juggling our home life. I helped (8) ____, and I saw myself as a pretty enlightened guy. But the truth was, I helped on my terms and on my schedule, and the expectations and the burden disproportionately -- and unfairly -- fell on Michelle, as happens to many women.

Fortunately, we had the help of my wonderful mother-in-law, Marian, who lived just a few minutes away. Still, Michelle was understandably stressed and frustrated, and I suspect she felt a little like a single mom sometimes. Things didn't get any easier when I was elected to the Senate and had to commute (9) ____ and forth to Washington every week. Then our lives were thrown completely out of (10) ____ during a presidential campaign that kept me on the road almost constantly -- leaving Michelle to carry an even heavier (11) ____ for longer stretches of time.

That's why I call her the rock of our family -- because she is. She always has been.

Read the text about metal detectorists, people who find lost items made of metal. Some words are missing. Choose the correct answer (A, B, C or D) for each gap (1-12). Put a cross (☒) in the correct box on the answer sheet. The first one (0) has been done for you.

The ring finders

A man takes off his baseball glove in Central Park. His wedding ring slips (0) ___ undetected and disappears into the grass. Hours pass before he notices that it's missing. A woman reacts in a fit of anger, (1) ___ her engagement ring into the ocean. As it hits the water, pangs of regret settle in. A tourist visiting Canada (2) ___ five sentimental rings to sanitize her hands (3) ___ in a rental car. Later, when she steps out, they are sent sprawling into the snow, and she doesn't realize they're gone until she's on the flight back home.

Usually, stories of this variety almost always end in tears. Yet these three people found their lost rings, frantically googling some iteration of *I lost my wedding ring* and (4) ___ a network of metal detectorists who help people (5) ___ their misplaced jewelry. They had found their way to the Ring Finders, (6) ___ that pairs these people with one of 430 sleuths stationed around the world.

According to the British insurance company Protect Your Bubble, 11 percent of people have lost their wedding rings in the past five years. Since wedding rings can cost upwards of \$6,000, losing them can be especially painful for couples, and (7) ___ it also gives detectives adept in the art of finding lost rings a chance to intervene and be the hero.

Heartbroken couples who (8) ___ the Ring Finders are presented with a search bar to enter their location, which leads to a list of nearby metal detectorists who cover that area. While the site's appeal for those who have lost their wedding rings is clear, there's much for the hunters themselves to (9) ___. The Ring Finders service mainly operates on a pay-what-you-can system, (10) ___ most finders ask that they are at least (11) ___ their gas costs. And while some refuse any payment, others are (12) ___ on seeking out cash rewards to make up for their time and effort. One finder told me of a recent bounty of \$200, while another boasted of a \$1,500 prize.

Read the text about one aspect of online shopping. Some words are missing. Complete the text by writing one word for each gap (1-11) in the spaces provided on the answer sheet. The first one (0) has been done for you.

Sending it back

If you're an Amazon shopper that returns a lot of orders, then watch out. You might get banned.

Some customers have been complaining of having their accounts shut (0) ___ without warning after returning items to the company on several different occasions, the Wall Street Journal reported this week. Even worse, in some cases they're banned from opening a new account.

While the company declines to mention in its returns policy that excessive returns can result (1) ___ being kicked off the shopping site, it does offer a broad warning that it (2) ___ the right to terminate any Amazon account.

The journal cites a number of cases, including (3) ___ of a New York City-based woman who (4) ___ thousands of dollars each year on a range of items from Amazon's online store. She said that on some occasions she has to (5) ___ for refunds on orders of clothes and shoes because they were damaged or different to (6) ___ she ordered. Earlier this month, Amazon closed her account without prior notification, telling her it had (7) ___ so because she "reported an unusual number of problems" with her orders.

In some cases, Amazon will tell the customer explicitly that excessive returns is the (8) ___ for the account's closure. The message reads: "We have closed this account because you have consistently returned a large number of your orders. While we expect the occasional problem with an order, we cannot continue to accept returns (9) ___ this rate."

Former Amazon managers told the journal that in the first instance, an algorithm flags up accounts exhibiting what may be suspicious behavior. Human evaluators then examine the case more closely before a decision is made on (10) ___ to close the account.

With this in (11) ____, it seems that excessive returns may, in some cases, be an indicator of underhand activities. The news outlet mentions how some people order items simply to write reviews — for which the writer will be compensated by a third party — before returning them, a practice the company is trying to stamp out.

Read the text from a former baseball player about the benefits of sports. Some words are missing. Change the word in brackets to form the missing word for each gap (1-10). Write your answers in the spaces provided on the answer sheet. The first one (0) has been done for you.

Advantages of being a team player

For me, sports had the biggest impact on my future. Sports helped build my character and (0) ____ (**teach**) me discipline. It's because of sports that I have lifelong (1) ____ (**friend**) with my teammates and coaches. Growing up an athlete helped pave the way for a successful future as a Division I baseball player and a college (2) ____ (**graduation**), and continues to influence my role today. There are limitless benefits when it comes to being an athlete. Here are my top three benefits to help determine your (3) ____ (**commit**) to sports:

1) The relationships

When you go to college as a student-athlete you know you will be part of a team. This will allow you to be around individuals with very similar likes and (4) ____ (**like**), which is a great way to meet new friends. There is no better way to develop close relationships with others than by being part of a team, working together, and striving towards the same goal. These relationships that are developed in a team can last a (5) ____ (**live**) and make your college experience better, and have a positive impact on your life after your athletic career.

2) Health

Being a college athlete will force you to be healthier. Student-athletes are highly motivated and goal oriented so it is safe to say they have put in a lot of work to even be a college athlete. Working out, training, and practicing are part of your life as an athlete, which will keep you in great shape and feeling good. You will also avoid the awkward (6) ____ (**weigh**) gain that can occur after your first year at college. The lifestyle you develop as an athlete can carry over into your professional life in making time to work out because you have the athlete (7) ____ (**mental**) and routine already within you.

3) Get a job

Potential employers look for and want former athletes. They understand the lessons learned through years of being an athlete translate into a quality employee. Successful athletes will have great time management skills, a (8) ____ (**competition**) mindset, leadership skills, a team-first attitude, and an ability to (9) ____ (**effect**) communicate within a team. Employers (10) ____ (**despair**) want these student-athletes. NCSA Athletic Recruiting conducted a survey of 100 CEOs; they learned that 100 percent of these employers would be more likely to hire a student-athlete than a non-student athlete if all other factors were equal.
